- Comments: [1] This internal serial number is used for the second of two messages transmitted under external serial number 1591 of 1 Dec 1944; it was signed by WXY, and dealt with an entirely different subject [see S/NDF/T197, Item 2]. The message of which the present text gives the last part probably contains material derived from M.D. (Theodore Alvin Hall). Previous re-use of an internal serial number is not without precedent in this line.
